

# Pupil premium strategy statement 2025-26

This statement details our school's use of pupil premium (funding to help improve the attainment of our disadvantaged pupils).

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

## School overview

Detail	Data
School name:	Folly Hill Infant Academy
Number of pupils in school	65
Proportion (%) of pupil premium eligible pupils	16.7% (8)
Academic year/years that our current pupil premium strategy plan covers ( <b>3-year plans are recommended</b> )	3
Date this statement was published	December 2025
Date on which it will be reviewed	December 2026
Statement authorised by	Clare Freeman
Pupil premium lead	Clare Freeman
Governor / Trustee lead	Jacqueline Doe & Kelly Thomas

## Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£12,120
Recovery premium funding allocation this academic year	£0
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
<b>Total budget for this academic year</b>	<b>£12,120</b>

# Part A: Pupil premium strategy plan

## Statement of intent

At Folly Hill we believe that children's learning should be vivid, real, exciting and enjoyable. Learning should be presented in such a way that it is accessible to all. In order to achieve this, we have created a broad, balanced, inclusive curriculum offering the children firsthand experiences, encouraging independence, creativity and a love of learning utilizing the whole school environment indoors and outdoors, and meeting the needs of our school community. Our curriculum is everything that happens in school. It reflects the school's aims and values and hence, everything that happens in school or through school is part of our curriculum. It goes beyond the statutory National Curriculum, and we provide a nurturing environment in which all children can experience the joy of learning continuing throughout their development into becoming responsible citizens. Developing confident communicators is a priority for us and by immersing children in a word rich environment we offer children the opportunity to develop a passion for language.

Folly Hill is committed to inclusion and to removing any potential barriers (physical or otherwise) to learning and participation. We believe in equality of opportunity and we aim to create a supportive yet challenging environment that values difference and recognises the achievements of all children. Our pupil premium strategy plan will work towards giving children educational support to accelerate learning as well as support their emotional wellbeing and mental health. We also aim to provide wider experiences and opportunities such as workshops and clubs that they otherwise might not have access to.

The main barriers to educational achievement faced by our pupils eligible for Pupil Premium funding are lower confidence/self-esteem, poor reading and writing skills, poor number recognition and counting skills.

The school's high- quality teaching and learning, alongside the one- to- one and small group intervention sessions, based on individual targets offer opportunities to develop their self-confidence thus aiming to dispel these barriers to educational achievement.

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Reading; including phonological awareness, phonic knowledge, word recognition, comprehension of text and exposure to texts.
2	Transcription, physical development of forming letters -content for Writing.
3	Speech and language delays and lower vocabulary acquisition
4	Mathematics- including basic number recognition, simple operations, awareness of quantity and conservation of number. Opportunities for greater depth and mastery of concepts.

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
For PPG/ Disadvantaged pupils' progress and attainment to be at least in line with age related expectations by the end of EYFS, Phonics screening and KS1.	<p>80% of PPG/Disadvantaged Children achieve GLD.</p> <p>80% of PPG/Disadvantaged Children achieve phonics.</p> <p>90% of PPG/Disadvantaged children to reach expected standard in reading, writing and mathematics.</p> <p>Standardised assessments and regular teacher assessments will provide evidence of children's progress over time.</p> <p>The progress of PPG/Disadvantaged Pupils will be consistently tracked through pupil progress meetings and the whole school data pack</p>
High quality CPD for all staff	<p>Maintain Teachers and LSAs training and confidence in the delivery of phonics, reading, writing and Mathematics.</p> <p>Teachers and LSAs fully trained in supporting SEND pupils in our school.</p>
PPG/Disadvantaged pupils will have more opportunities both socially and academically.	<p>Case studies of PPG/Disadvantaged Pupils will help evaluate the impact of interventions and actions.</p> <p>Disadvantaged/PPG pupils will be prioritised for enrichment activities and clubs.</p> <p>Disadvantaged/PPG pupils will have subsidised school trips and visits.</p>
<p>Quality First Teaching provides effective scaffolding to support PP and SEND pupils.</p> <p>Interventions will be reviewed to evaluate effectiveness- high quality interventions are delivered to enable children to make accelerated learning.</p> <p>Governors will have a clear understanding of pupil premium expenditure and impact.</p> <p>All staff have access to tailored CPD programme focused around accelerating needs of SEND pupils.</p> <p>The needs of SEND children are targeted and met through a centralised provision mapping system and quality first teaching in class as well as Inclusion lead support.</p> <p>There is a rigorous and pro-active approach to contacting outside agencies to support in school.</p>	<p>Termly meetings with Inclusion Leader will identify targets and next steps.</p> <p>Regular SLT and Teaching and learning book studies will examine the progress of Disadvantaged/PPG pupils and link into teaching and learning targets.</p> <p>Learning walks with a focus on Disadvantaged/PPG children will ensure these are a focus group for the school and governing body.</p> <p>Targeted interventions small group and 1-1 will be regularly reviewed to ensure impact.</p> <p>High Quality CPD available to all staff with a strong focus on SEND improvement and building awareness of strategies and approaches.</p> <p>Advice from outside agencies acted upon to create specific and effective learning targets for pupils with SEND and vulnerable groups.</p> <p>1-1 mentoring where appropriate for vulnerable children.</p>

## Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

## Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £5000

Activity	Evidence that supports this approach	Challenge number(s) addressed
CPD for teachers & LSAs in writing and oracy and maths language.  Continue with High expectations in phonics ensure continued fidelity to Essential letters and sounds PD sessions on the new phonics scheme	<p>In line with EEF guidance, support staff to receive training (both away from the class and live within their classroom).</p> <p>EEF research shows that children who are exposed to fully decodable reading do better in reading and writing. The DfE's 'Essential Core Criteria' states that all books should be fully decodable to enable the children to feel successful which is particularly important for those children whose early language experiences put them at risk of struggling with beginning reading.</p> <p>Evidenced-based research proved to improve fluency through reading for pleasure.</p> <p>Research has shown that the impact of mastery learning approaches is an additional five months progress, on average, over the course of a year.</p> <p>Maths research for language development – CPD for staff on the importance of talk within Maths lessons.</p>	1

## Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £5000

Activity	Evidence that supports this approach	Challenge number(s) addressed
'Keep up' session in phonics. Either small groups or 1:1 following Essential letters and sounds a Government accredited programme	Phonics approaches have been consistently found to be effective in supporting younger readers to master the basics of reading. Research suggests that phonics is particularly beneficial for younger learners (4–7-year-olds) as they begin to read.  Teaching phonics is more effective on average than other approaches to early reading (such as whole language or alphabetic approaches).	1/2
Precision teaching/small group in English (reading) and Maths  Support from LSAs and Inclusion in lead	One to one tuition involving a skilled practitioner proved to be most effective method to meet children's needs. Research shows precision teaching is one of the most effective teaching strategies for ensuring high levels of fluency and accuracy (Cabot Learning Foundation 2020). Recommended by Surrey EP Service.	1/2
Pre-teach	Children can feel more positive about intervention prior to the lesson and, therefore, it can boost their confidence and self-concept  Pre-teaching prevents/minimises experiences of 'failure' in the lesson, whereas re-teaching occurs after the difficult experience in the classroom.	1/2/3
Mastery Number	Mastery learning approaches aim to ensure that all pupils have mastered key concepts before moving on to the next topic – in contrast with traditional teaching methods in which pupils may be left behind, with gaps of misunderstanding widening. Mastery learning approaches could address these challenges by giving additional time and support to pupils who may have missed learning, or take longer to master new knowledge and skills.  Children to have same day interventions for maths  The DfE non-statutory guidance has been produced in conjunction with the National Centre for Excellence in the Teaching of Mathematics, drawing on evidence-based approaches:	4

## Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £ 2,120

Activity	Evidence that supports this approach	Challenge number(s) addressed
Ensure PP/Disadvantage children have correct resources and access to wider curriculum e.g. school trips, everyday consumables, sports lessons	Children who are exposed to these have an enhance knowledge and understanding of the world. When finance isn't a factor for families, they almost always want their children to experience these. Research by "A New Direction" shows the importance of cultural and arts opportunities to support wider learning of PP students.	
Social and emotional support	Both targeted interventions and universal approaches can have positive overall effects: Behaviour interventions   EEF ( <a href="http://educationendowmentfoundation.org.uk">educationendowmentfoundation.org.uk</a> )	

**Total budgeted cost: £12,120**

## Part B: Review of outcomes of last academic year 2024 2025

### Pupil premium strategy outcomes

2024 -2025 outcomes

***For PPG/ Disadvantaged pupils' progress and attainment to be at least in line with age related expectations by the end of KS1.***

Data shows that out of the 4 PP children that remained at Folly Hill till end of KS1,

3 reached expected or a above in reading 75%

1 reached expected in writing 25%

1 reached expected in maths 25%

All PPG children passed the phonics screening in year 1 100%

***High quality CPD for all staff & Quality First Teaching provides effective differentiation to support PP and SEND pupils.***

All Staff fully trained in Little Wandle- This scheme is now changing in 2025-26 to Essential letters and sounds and staff will have full training by a phonics lead to ensure fidelity to the new scheme.

All staff trained in Barriers to learning, inclusive language, and the inclusive classroom using the surrey SEND tool Kit. PD planned for next year is on Emotional coaching and clarity around disadvantaged and support for all children.

All children that attended intervention / booster and same day interventions made excellent progress from their starting points.

***PPG/Disadvantaged pupils will have more opportunities both socially and academically.***

All 8 PPG children were offered to attend an after-school club each term of the year.

50% of children took up this offer, with 38% attending a club every term

All pupils participated in class assemblies, or Christmas performance or speaking in assembly at some point throughout the year.

***Report 2024-2025***

SENDco support with 1:1 showed impact on vocabulary development and sentence construction. From one word to 3-4 words in a sentence.

***Report 2024/2025***

We had 8 PPG children on role through 204-45

2 in Reception, 1 in year 1 and 5 in Year 2. One child left year two at the end of April.

***High quality CPD for all staff & Quality First Teaching provides effective differentiation to support PP and SEND pupils.***

- CPD maintained for phonics and reading.
- All Little Wandle resources in place and being used effectively 74% pass screening.
- Updated training in precision teaching

Upon arrival we assess in phonics, reading and maths, and children are placed into the right support groups/1;1 when required. Such as precision teaching

0% of the 2 PP children in EYFS class achieved GLD, but both these children have an EHCP

## Externally provided programmes

*Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England*

Programme	Provider
Essential letters and sounds	Essential letters and sounds
Mastry number	NTCEM
TTRS	Maths Circle
